

The Gongungle

Beside the blood-dripping Jinx Juice Jungle

Charges the sinister Gongungle.

He has light green cute eyes

That can kill.

His back gets sharper with a *kabam!*

His fist grows metal with a *smash!*

He grows four bones with a *clash!*

He grows a tail with a *boom!*

But if he eats the killer Blether

That grows beside the Jib Goob River,

His body chops in half!

He grows yellow and white skin.

He turns into a nice caterpillar.
