

## The Violet-Lasher

She can be found everywhere  
From the mountains to the sea.  
She's got 4 feet with big claws.  
Not just any claws- purple claws

It was not just her claws that were purple,  
Her water was purple, her hair was purple.  
Top to bottom, all of her skin was purple.

Her wings were as big as a human.  
She eats the weed near the purple lake-  
But that was a big mistake-  
Because her teeth began to ache.

She cried, she screamed in pain.  
But no one came!  
All the animals in the forest ran as fast as they can,  
They got so scared.

Violet-Lasher's wings were also like angel wings or bird wings.  
She sleeps in a big cave with a pond...  
...and bits of grass and little flowers.

The cave is in the middle of the forest,  
People would never go in that part of the forest,  
So that means she is lonely .
